## Tools for Taking Care of Myself

# My Needs Today

We all have needs. And we all want to help each other. Sometimes we just don't know how.

But we can make it easier. When someone asks, "How can I help?" we can tell them.

Because people do care about us - and they want to support us. If we take time to think about what we need, we will be able to communicate it more clearly. This list can help.
